## Hale-Caudill

Popular Young Couple Are Happily United In Marriage

About the most beautiful and impressive wedding ceremony yet solemnized in Whitesburg occurred at the Baptist church Sunday at 2 p. m. The contracting parties were Mr. Burley Hale and Miss Sabina Elizabeth Caudill, two of the most popular members of the younger society set. The church was a perfect bower of loveliness, flowers and foliage in profusion being prettily arranged while the Hymen's altar was a lovely mass of cut flowers supported by an artistic intertwining of evergreens. The bride was beautifully attired in white satin and carried a bouquet of white American beauty roses, the groom was dressed in conventional black. Miss Estelle Webb was bridesmaid and Miss Dalna Hays maid of honor. The bride was given away by her brother, Mr. Beckham Caudill, while Mr. Herman Hale was the groom's best man. Little Ruby Caudill, sister of the bride, was the ring-bearer. Misses Mabel Fields and Ethel Burton rendered delightful solos preceding the ceremony, while Miss Gertrude Lewis presided at the piano. The ushers were Mr. Ted Bentley, Mr. Jno. Raigh, of Cumberland, Mr. George Hale and Mr. Simeon Hale. The party marched up to the altar to the strains of Mendelssohn's wedding march and were met by Rev. H. J. Scott who tied the nuptial knot in his usual impressive manner. The church was filled to overflowing with the friends and admirers of the young couple, all anxious to do them honor. The groom is a son of the late John W. Hale and is a young man of many sterling traits of character. He is a stenographer and at present is official court stenographer for Letcher Circuit Court, being most highly regarded for his efficiency. The bride is indeed a lovely little lady, the daughter of Capt. W. R. Caudill and Mrs. Mary Gibson Caudill, and has many admirers.

The wedding ceremony over the happy pair went to their homes, changed to traveling clothes and hurried to Caudill Station where they boarded the train for the Golden West on their honeymoon.

They will visit Mr. Hale's sister, Mrs. Hensley, in Oklahoma and be gone about three weeks.

On and after October 1 they will be at home to friends in their beautiful bungalow on College Hill.

In unison we, the Eagle and everybody else extend to them our heartiest best wishes for a long life of connubial bliss.

H. H. HARRIS, Chairman Program Com.

## Fairchild Bros. Buy Pearl Theatre

The Pearl Theatre, Whitesburg's popular movie playhouse, has again changed hands and is now under the ownership and management of J. S. and W. T. Fairchild, leading young businessmen. The Fairchild Brothers are now in full possession of the show outfit and the handsome building and will continue to give the best to be had in moving pictures, and will permit nothing of an indecent or immoral nature to be shown on the screen. Shows will be given each night except Sunday and the admission will be 15c and 25c. J. S. Fairchild is cashier of the First National Bank of Whitesburg and W. T. Fairchild is a leading merchant. They invite the public patronage and promise fair and courteous treatment and a good clean show each night. We bespeak success for Messrs. Fairchild in their new venture.

## Whitesburgian Honored

At the annual meeting of the Jr. O. U. A. M. held at Lexington Stephen L. Blair of the Whitesburg Council was elected Chairman of the State Judiciary Committee. Mr. Blair entered the field as a candidate for State Warden and for a while looked a sure winner. However in the heat of the contest and to quiet what was apparent animosity he withdrew and accepted the position as mentioned above. Next meeting of the State Council it to be held at Somerset.

W. A. Hull, Hazard Attorney, was in town.

We want a lady or gentleman agent to handle city trade in Whitesburg Ky, and other vacant cities. This is a wonderful opportunity as you will be retailing the genuine J. R. ## Ten Years Ago

(The items below are taken from the Eagle of Dec. 1910)

"Laying on hands" for complaints, especially in children, is now taking the place of Christian Science. Lately a mother cured her boy of the cigarette habit by laying her right hand a number of times in rapid succession on the boy's palladium. A father did the same thing on his son when he learned of his son swearing his first oath. A cure was effected in both cases and up to this time no indications of a relapse have occurred.

NOTE—The above lines are clipped from an issue just before Xmas 1910. In the same issue appears accounts of the opening of Mountain View Hotel; Literary Society organized at Colson; life sentence given Wendell at Louisville for the murder of little Alma Kellner; notice of opening of normal school here by Prof. Hale; Woodrow Wilson elected Governor of New Jersey; an article by Dr. Blair on typhoid fever, and a lot of talk about the coming of Xmas.

## Kentucky's Greatest Wonder

Editor Eagle: Have just returned from my vacation and thought a few lines telling about it would be of interest. The trip to Mammoth Cave and our explorations of it were just wonderful. The difference in temperature from the outside to the inside is between 54 and 56 degrees. Consequently when you find yourself 360 feet in the interior of the earth there is a great change. The most interesting thing inside the cave is Echo river. We took a boat ride on it. In the shallowest places the water is more than 10 feet deep. While drifting along someone of our crew asked the guide, a very kind old gentleman, what would happen in case the boat upset. He replied, "Of course all would drown." An old lady fainted and we had to work hard to get breath back into her.

I am now back in the corporation store at Berea ready to help any and all our boys and girls who come here to school. Berea is becoming the biggest and is already the best known school in the South. School opens Sept. 21. I will be glad to see any of you and help you all I can.

EDITORIAL

As a local home-spun newspaper, published for and in the interest of home-spun and home-shaped people, the Eagle has presumed on the right to advise and encourage its supporters. For several years and before the railroads penetrated our section, and when the Eagle had only its own people for supporters its field was narrow and its life simpler. It could, therefore, speak in simpler words and be thoroughly understood. Times have changed, however, and people with different ideas and different business capacities are a part of us and it becomes our province to talk to them also.

The purpose of the church, the school and the newspaper, editorially speaking is to get people to think. The more they think and reason the greater and nobler they become. The sooner a child can be induced to reason on the little things with which he has to do, the sooner he can touch on the philosophy of things, the better for him. Danger lurks everywhere. Pride travaleth before a fall. We sow what we reap. We violate the law today and reap its penalties tomorrow.

Peace, happiness and prosperity depends upon obedience to the law. There are three sources from which we learn and know the law. The first is from the original source of all law, the Bible; the second is in the statutes enacted by men and the other is from reason and common sense. The first and last sources are the greatest, but of the first we shall not speak. The greatest laws in the world are not written, they exist in the big book called common sense. He who reads from this book and

obeys its precepts can hardly go astray. This book occupies a prominent place in the left vest pocket of every thinking person. It is his guide and his preceptor. When lost or disregarded dangers lurk on every side and in the middle.

Out on the creeks, up on the high mountains and in the dark ravines men are overstepping the bounds of reason, risking their lives and their liberties in the making of illicit whiskey against the laws of the land and no doubt contrary to a better informed judgment. The little vest pocket memorandum is not consulted, or if so, its precepts are not heeded. They are often our own people, reared in the glorious sunlight of our own hills, imbued with the noblest of impulses and the Eagle is tied to them with cords of steel. It begs and pleads and implores them and not only them but for all its people to give up dangerous ways. Consult the book of reason, live at peace and in order with all men and the sunshine of happiness will be yours.

## Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Bedford, Ill., got rid of her "terrible pains" . . . I was awfully weak. My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried . . . One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more Hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

## 500 PERISH IN TEXAS FLOOD

Police Report Heavy Loss of  
Life at San Antonio—River  
Overflows Banks.

### 24 BLOCKS UNDER WATER

Business District Inundated—All the  
Available Soldiers From Fort Sam  
Houston Sent to City to  
Aid in Rescue Work.

San Antonio, Tex., Sept. 12.—With estimates of the dead running as high as one thousand and property damage believed to exceed \$5,000,000, this city is in the grip of the worst flood in its history. Every building in the business district stands in water ten feet deep during the high water mark of the raging waters, while a vast section of the residential section is submerged. The estimate of the dead was given out by Mayor O. B. Black. Twenty-one bodies, mostly those of women and children, have been recovered. From every part of the flooded area reports of additional dead bodies are being brought in and as rapidly as possible they are being gathered for identification. The greatest loss of life was in the Mexican settlement in the western part of the city, where the flood waters engulfed hundreds of homes before their occupants had a chance to make their way to safety. The south section of the city was also heavily hit by the swirling waters. Hundreds of homes in this district were swept from their foundation and dashed to destruction against each other. Red Cross workers were ordered to the city by Acting Eighth Corps Area Commander Gen. John Hines to assist in the relief work.

San Antonio, Tex., Sept. 12.—Swollen by heavy rains of the last two days, San Antonio river and Alazan creek overflowed into the downtown business district of Santa Antonio, spreading over an area of about 24 blocks and inundating ground floors of many of the prominent buildings of the city. The loss of life was estimated at 500 by the police.

At the office of the San Antonio Express the water reached into the first floor at 12:45 a. m. and a few hours later telephone and telegraph connection was severed.

The embankments protecting St. Mary's street broke shortly after midnight and the water swept down St. Mary's street through Houston and Navarre streets into the heart of the city.

Five Reported Missing.

Five persons were reported missing—Charles Grant and wife and Mrs. Anna Elam and two children.

By midnight scores of families living along the river in the northern part of the city and along the banks of Alazan creek had been taken from their homes by police, firemen and volunteer rescue workers.

All available soldiers from Fort Sam Houston were sent into the city to aid in rescue work along River avenue, where the water is reported eight feet deep.

Merchants were busy all night removing their stocks and goods into places of safety when the water rose into the ground floors of the principal downtown buildings. The Gunter hotel and office building and the Breyer building were among those where the water had reached the first floor by one o'clock.

Outside telephone communication with San Antonio was cut off early this morning and the city was thrown into darkness when the water flooded the power plant.

Tornado Hits Austin.

The eastern business district, the lowest part of the city, was covered with water several feet deep.

At Austin, Tex., the heavy rainstorm was preceded by a tornado which struck South Austin and nearby villages, bringing injury to a dozen persons and causing heavy property damage.

Officials at Austin were watching closely the rise of the Colorado river on account of the Austin dam.

Over ten inches of rain was reported at Austin, with the storm unabated. A rainfall at San Antonio was reported as seven inches in the past two days.

Houses Washed Away.

The greatest property damage thus far reported in San Antonio has been along Alazan creek, where a number of dwellings were washed from their foundations.

### GRECO-TURK FIGHTING STOPS

Both Armies Resting After Many  
Weeks of Arduous Hostilities.

Greek General Headquarters in Asia Minor, Sept. 12.—Hostilities between the Greeks and Turk nationalists ceased Tuesday for the first time after many weeks of warlike operations. Both armies are taking a rest after the arduous fighting that has taken place since the beginning of the offensive.

(Constantinople despatches indicated the Greeks were withdrawing in Asia Minor, but that the Turks would be unable to follow them owing to their exhaustion. It was said that the Greek drive toward Angora had failed.)

Biggest Thing of Kind Ever Seen  
in that State, Declares big  
Wholesaler

The fact that 625,000 bottles of Tanlac have been sold in the State of New York since its introduction there less than 1 year ago is a big business item that will attract unusual interest throughout the entire East, for nothing like it ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gibson-Snow Co., the well known wholesale druggists with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 500,000 bottles a year.

"If the present rate continues," said Mr. Evans "this state alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement."

Miss Virgie Dare Craft, young daughter of Mr. and Mrs. Lee Craft of Eastwood, Jefferson County, was married to a young business man of Georgia.

Fred Bolling, young son of Mr. and Mrs. Clyde Bolling, of Wise, is visiting at the homes of J. B. and W.W. Mullins.

Young Sam Elam, a section hand, had his foot badly mashed while at work.

Mrs. Jas. Tolliver is very sick at her home here.

**She Leads 37,000  
Red Cross Nurses**

Photo by E. F. Foley.

MISS CLARA D. NOYES, who recently turned only a few months ago from an extensive tour of the war-torn and disease-wracked nations of central and eastern Europe, will picture the dire need abroad, particularly among the hundreds of thousands of destitute children, in an address at the national convention of the American Red Cross, of which she is national director of nursing service. The convention will be held in Columbus, O., Oct. 4-8.

Miss Noyes is the head of the entire enlisted personnel of Red Cross nurses, now numbering over 37,000.

Fulfillment of its obligation to the ex-service men will be one of the main problems under discussion at the convention of the American Red Cross in Columbus, O., Oct. 4-8.

Many friendships which had their inception overseas are expected to be renewed when nurses who saw active service abroad during the World War and veterans of some of the hottest battles of the great conflict meet in Columbus, O., Oct. 4-8, during the convention of the American Red Cross.

The national convention of the American Red Cross at Columbus, O., Oct. 4-8, is the first gathering of its kind in any country in the world.

**To the Voters and Taxpayers of Letcher County:**

In order to refute the rumors that are being circulated throughout the county that I am not a real candidate and do not intend to make a fight to secure my election, it has become necessary for me to make you a second statement.

I am a candidate for the office of County Judge and intend to do my utmost to secure my election. I have no brothers or relations to make my fight, but must depend upon the men and women taxpayers of Letcher, who are sufficiently interested in the county's welfare to aid me, and see that my claims for the said office are properly presented to the people.

All I can do is refer you to my record as your County Judge. When first elected your county was hopelessly in debt and when my term of office expired I had paid all your back indebtedness, even the bonds that were issued.

RESPECTFULLY,

**JOHN D. FITZPATRICK**

when I was a boy to build your old county jail. In addition I had built for the county several good bridges and made other public improvements.

At the time I was first elected I was young and inexperienced, but during my administration and since my term ended I have had considerable experience from a business standpoint and feel that I am much better qualified now to serve you and to protect your interests.

I promise that if you elect me I will not only stop the reckless allowance of claims and useless expenditure of your money, but I will decrease your tax burdens—that there will be during my administration no pets nor relations to reward—and that I will conduct your business in such a manner that when my term of office is over the people will say, "Well done, thou good and faithful servant."

All I can do is refer you to my record as your County Judge. When first elected your county was hopelessly in debt and when my term of office expired I had paid all your back indebtedness, even the bonds that were issued.

Belfast Calls Out More Troops as the  
Fighting Continues—Newspaper  
Charges Orange Hooligans  
Attacked Catholics.

Dublin, Sept. 2.—The latest reply of the De Valera cabinet has been dispatched to Prime Minister Lloyd George, who is in Scotland.

More Rioting in Belfast.  
Belfast, Sept. 2.—Soldiers were rushed to the Grove street section of Belfast when several shots were fired in that district. When the troops arrived, however, the gunmen had vanished. This was the first recurrence of the street fighting.

The Ulster cabinet meeting to consider the serious conditions prevailing here was joined in the discussion by military officials and police authorities. Arrangements were made to draft additional troops for the protection of the city, and other steps were taken to restore and maintain order.

The total casualties for the rioting, which began Monday, are 15. There probably have been 100 persons more or less seriously injured, of whom many were noncombatants who had ventured into the streets which were being swept by rifle and revolver fire. Six persons were killed yesterday and 30 wounded, many seriously.

Gummen were again active at night in the Old Lodge district. They opened a heavy fire in the direction of Shank Hill road, a thickly populated Protestant quarter. A young man was killed and four were seriously wounded in this fighting.

Workmen were attacked on their way home in West Belfast, the police were obliged to fire on the attacking forces, which were dispersed.

The present trouble had its origin in the area lying between West street and North Queen street. The residents of these streets and Old Lodge road, another storm center, are of mixed political views, and constant bickering is the result. This bickering Monday, a fortunate circumstance is that Falls roads, the sure abode of the nationalists and Sinn Feiners, and Sandy Row Shankhill and Ballymacarrett, where Orangeism predominates, are standing aloof.

Orange Hooligans Blamed.  
London, Sept. 2.—The Belfast correspondent for the Westminster Gazette, in describing the riots there, says:

"It may be stated that with the approach of dark Royal Avenue and other parts of the center of the city were the scene of disgraceful attacks on Catholic pedestrians who were seen moving along. During the night any Catholic who chanced to be passing down Royal Avenue was pounced upon and savagely maltreated.

"In some cases men were struck down and kicked and in one case a man was actually danced upon by bands of Orange hooligans, who appear to have a monopoly in the center of the city. Encouraged by their success, the mob fired up Castle street upon assembled passengers waiting for trams."

New York Appellate Court Decides  
"Reasonable" Net Return on

New York, Sept. 2.—A return of 10 per cent upon the value of apartment houses was fixed as reasonable by the Appellate division of the Brooklyn Supreme court in an opinion given for the guidance in the rent litigation that is expected to occur in connection with New York's annual meeting day, Oct. 1. "We think that 10 per cent as a net return to an owner of real property is not unreasonable," said the decision, "but such a percentage might be excessive if the evidence showed a different situation regarding other investments."

Hazleton, Pa., Sept. 2.—The Lehigh Valley Coal company advanced the retail price of anthracite coal 10 cents a ton, bringing the present price up to quotations of last April. The new price will remain in effect for the fall and winter. A 30 cent cut was made in the spring to encourage summer buying, when the mines are slack on orders.
